Grass growth gives market a kick

A frosty morning gave way to a great day and an even better sale for those on the selling side of the market. Numbers were only moderate, but what the sale lacked in size it made up for in quality. Improving feed conditions over the past fortnight brought out a solid crowd of locals who had to compete with other buyers from the Hawke's Bay, Waikato and King Country.

There wasn't all that much exciting in through the two-year steers as 400-480kg Angus-cross made \$3.02-\$3.09/kg, though some 435kg exotic-cross

were solid at \$3.16/kg. The exotic-cross types were the strongest of the two-year heifers too, with the 360-370kg lines making \$2.94-\$3.01/kg.

The main highlight of the sale was a large line of 310kg Hereford-Friesians which sold at a very impressive \$1170, \$3.79/kg. Another 225kg line was similarly sought after at \$870, \$3.87/kg. Heifers accounted for the largest numbers and nearly all Hereford-Friesians sold in the narrow range of \$3.40-\$3.50/kg, though one 260kg line went as high as \$3.65/kg.
