VIEWPOINT

Suz Bremner

Show went on despite power outage

The Taupo sale was not without its challenges as a major power outage meant generators had to be brought in, but in typical kiwi fashion the show went on. This was about half way through and delayed the sale by almost an hour, with the serious buyers sticking it out. While the sale lost some momentum, by sale end results were pleasing, and a number of sale goers went home empty handed as a small but determined bench of buyers dominated.

Hereford-Friesian featured in the 2-year steer pens and at 476-518kg made solid returns of \$2.98-\$3.03/kg. In the 1-year steer pens demand was very strong for the same breed, and 378-397kg surpassed \$1200 to make \$3.20/

kg. As the weight dropped the \$/kg increased significantly, and 254-261kg returned \$3.50-\$3.60/kg.

The heifer market was nothing short of outstanding as buyers were treated to a quality line up of Angus and beef-Friesian cattle. Most of the Angus were 207-234kg, and sold for \$3.67-\$3.68/kg, while well marked Hereford-Friesian, 260kg, achieved \$3.25-\$3.27/kg. Most other lines of Hereford-Friesian sold for \$2.96-\$3.06/kg, with Angus-Friesian also in that ball park. Bull numbers were limited but 12 Angus-Hereford, 303kg, made steer money at \$3.47/kg.

Three lines of mixed sex Suffolk-cross lambs were also offered, with 29-30kg making \$91.50, \$3.05-\$3.15/kg, and 26kg, \$84, \$3.23/kg.
